

Looking to move up in your career, seeing higher wages or work that is best suited for you. Check out **Career Advancement Services!**

A sample of assessments that may be provided:

- ❑ Evaluate your interests, skills, personality and work preferences to advance your career plan. The **O*NET** (Occupational Information Network) will help you to better determine your interests and work preferences
- ❑ As you advance in your career, employers may seek to assess you work behaviors. Our **ERI®** System assesses seven skill areas.
- ❑ Need to assess your computer software application and internet skills, the **International Driving License (ICDL)** will demonstrate your proficiency levels.
- ❑ Consult with a Human Resource Specialist to assist you with your plan of action for career advancement.
